1 Dial

To place a call, pick up the handset and enter a number. Or, try one of these alternatives.

Redial the last number

Press the **Redial** softkey to redial on your primary line. To redial on a secondary line, press the line button first.

Dial on-hook

1. Enter a number when the phone is idle.
2. Lift the handset or press one of these: a line button, the **Call** softkey, the headset  button, the speakerphone  button, or the round **Select** button in the Navigation bar.

Speed dial

Enter a speed-dial item number and press the **SpeedDial** softkey. Or, press the **down** arrow on the Navigation bar when the phone is idle, then scroll to a speed-dial item and press the round **Select** button in the Navigation bar. You may also have speed dials assigned to some buttons along the right side of your phone.

2 Answer

New call indicators:

- A flashing amber line button
- An animated icon  and caller ID
- A flashing red light on your handset

To answer the call, lift the handset. Or, press the flashing amber line button, the **Answer** softkey, or the unlit headset or speakerphone button.

Answer with multiple Lines

If you are talking on the phone when you get another call, a message appears briefly on the phone screen. Press the flashing amber line button to answer the second call and put the first call on hold automatically.

Your phone supports both one call per line or multiple calls per line. Ask your administrator about which option is right for you.

3 Hold

1. Press the **Hold** button . The hold icon  appears and the line button flashes green.
2. To resume a call from hold, press the flashing green line button, **Resume** or **Hold** .

4 Transfer

1. From a connected call (not on hold), press the **Transfer** button .
2. Enter the transfer recipient's phone number.
3. Press the **Transfer** button or the **Transfer** softkey (before or after the recipient answers).
The transfer completes.

Transfer across lines

You can transfer together two calls on two lines without remaining on the call yourself:

1. From a connected call (not on hold), press the **Transfer** button .
2. Press the line button for the other (held) call.
The transfer completes.

5 Conference

1. From a connected call (not on hold), press the **Conference** button .
2. Make a new call.
3. Press the **Conference** button or the **Conference** softkey (before or after the party answers).
The conference begins and the phone displays “Conference.”
4. Repeat these steps to add more participants.

The conference ends when all participants hang up.

Conference across lines

You can combine two calls on two lines into a conference. You will be included in the conference.

1. From a connected call (not on hold), press the **Conference** button .
2. Press the line button for the other (held) call.

View and remove participants

During a conference, press the **Details** softkey. To remove a participant from the conference, scroll to the participant and press the **Remove** softkey.

6 Mute

1. While on a call, press the **Mute** button . The button glows to indicate that Mute is on.
2. Press **Mute** again to turn Mute off.

7 Voicemail

New message indicators:

- A solid red light on your handset
- A stutter dial tone (if available)
- “New Voicemail” message on the screen

Listen to messages

Press the **Messages** button  and follow the voice prompts. To check messages for a specific line, press the line button first.

8 Divert

Press the **Divert** softkey when the call is ringing, active, or on hold. Divert redirects an individual call to voicemail (or to another number set up by your system administrator).

9 Forward All

1. To forward calls received on your primary line to another number, press the **Fwd All** softkey.
2. Enter a phone number or press the **Messages** button  to forward all calls to voicemail.
3. Look for confirmation on your phone screen.
4. To cancel call forwarding, press **Fwd OFF**.

To set up forwarding remotely or on a secondary line, access your User Options web pages. Contact your system administrator for details.

14 Navigation

Where are my line buttons?

Line buttons are located on both sides of the phone screen. Buttons that are not assigned to phone lines can be used for speed-dials and other features. Contact your system administrator for more information.

Where are my softkeys?

Four softkeys buttons are located below the phone screen. You can press the **more** softkey (when available) to reveal additional softkeys.

How do I scroll in a list or menu?

Press **up** or **down** on the Select bar.

A scroll bar on the screen indicates your relative position within in a list.

How do I select an item in a list or menu?

With the item highlighted, press the **Select** button in the middle of the Navigation bar. Or, use your keypad to enter the corresponding item number.

How do I exit a menu?

To close a menu from any level, press the corresponding feature button.

To go back one level in a menu, press the **Exit** or **Back**  softkey.

15 Tips

How can I keep track of multiple calls?

Line button colors indicate call states and can help you stay oriented when handling multiple calls:

- Ringing call—Flashing amber
- Connected call—Solid green
- Held call—Flashing green
- Shared line in-use remotely—Solid red
- Shared line on hold remotely—Flashing red

What is the best way to use my headset?

If you handle a lot of calls and wear a headset, try keeping the headset button  lit and using softkeys to go on- and off-hook. With the headset button lit, your headset serves as the primary audio path (instead of the speakerphone).

What does the Swap softkey do?

Swap allows you to toggle between calls and consult privately with each party before completing a transfer or conference.

How do I set up my speed dials?

To set up speed-dials and customize a variety of features and settings for your phone, use a web browser on your computer to access your Cisco Unified CM User Options web pages. Contact your system administrator for the URL and more information.
